

# Measurable Postsecondary Goals

The vision that results from age-appropriate transition assessments and considers the student's strengths, preferences and interests.  
Developed during the IEP in which the student turns 14, or younger if determined by the IEP team.

## Course of Study

Completed during the IEP in which the student turns 14. The course of study is a long range educational plan designed to make the education program relevant, meaningful and motivate the student to complete school.

## Coordinated Set of Activities

Coordinated strategies or steps in the long-range plan for adult life that document the effort between school, family, student and appropriate post-school services supports, programs and/or agencies.

## Annual IEP Goals

Measurable annual IEP academic and functional goals must logically link to the measurable post secondary goal(s) of education/training and employment and independent living, where appropriate. One annual goal may link to more than one measurable postsecondary goals.

## Summary of Performance (SoP)

Summary of academic achievement and functional performance which includes recommendations to the student on how to meet measurable postsecondary goal(s).

\*Individualized and based on student's measurable postsecondary goal(s).

The course of study, coordinated set of activities and annual IEP goals should lead to the student's measurable postsecondary goal(s).

The Summary of Performance, with the accompanying documentation, is important to assist the student in the transition from high school to higher education, training and/or employment. The SoP is most useful when linked with the IEP process and the student has the opportunity to actively participate in the development of this document.

Age appropriate v. developmentally appropriate transition assessments should be used. Both formal and informal assessments may be used. Examples may include, but are not limited to: Enderle-Severson, WKCE, COPS, CAPS, careers curriculum information, student interview, LCCE curriculum, functional vocational assessment, employer evaluation, employability skills certificate, etc.
